## PREFACE

This directory contains names, addresses and phone numbers of elected officials and the subdivisions within their offices; code departments and subdivisions; boards, commissions, and committees; and state universities.

The directory does not include community colleges, legislative standing committees and units concerned with purely in-house functions.

This directory is intended to aid in the acquisitions of Illinois state publications by libraries and the general public and also to supplement Publications of the State of Illinois. An effort was made to include an entry for all identifiable subdivisions of the government that have been known to produce public documents.

The directory was compiled by the Illinois Documents Unit of the Illinois State Library at the request of the Government Documents Round Table of the American Library Association. GODORT encourages each state to publish a government directory. Arrangements have been made for copies of this directory and other state directories to be deposited with the Council of State Governments, Iron Works Pike, Lexington, Kentucky 40505.

Users of this directory should note that this is not a cataloging authority list and that attempts to use it as one would be most unwise.

We are indebted to the following Illinois State Library staff members for collecting the data for this compilation: Dennis Day, Jane Rishel, David Dial, all of the Illinois Documents Unit.

Comments and corrections may be forwarded to the Illinois Documents Unit, Illinois State Library, Centennial Building Springfield, Illinois 62756 (217-525-5185). Wide margins have been left for use in updating. We will appreciate additions to this listing.

Note: Agency names have been arranged by first key word. Example: COUNTY FAIRS, DIVISION OF.

Area codes are indicated for all cities except Springfield, Il (217) and Chicago, Il (312).

Effective May 24, 1974 at 6:00 p.m., the State of Illinois CENTRIX telephone system in Springfield will have its 525-prefix changed to a 782 prefix. The four digit station numbers of the Springfield 525 telephone numbers will not be changed.
